Access Statement

- Refail Caravan Park is in the centre of the village within 5 minutes walk of a well stocked grocery store, a Chemist and a Pub. The beach is only half a mile away and it has a car park adjacent.
- There are 40 pitches on the Park and they are all level, hard standing pitches with electric hook-up, water and waste water connection. 29 pitches have level access from a tar macadam drive.
- We have one dedicated pitch near the facilities with a path from the pitch to the accessible unisex facility.
- All of the pitches have parking alongside the pitch.
- There is a 5mph speed limit on the Park, with clearly marked speed bumps at intervals. There is a drop off lay-by for cars near the reception area and facilities.
- There is a barrier near the entrance to increase security on the Park and there is access for pedestrians and wheelchairs on one side of the barrier.
- The access to the facilities is by means of a single step at each entrance door and a ramp is available on request. There is a separate disabled facility which has level access. All of the facilities are clearly signed and well lit at night.
- The sinks in the washing up room are of a standard height as are the sink and machines in the laundry room.
- The chemical disposal point is situated behind the toilet block and is easily accessed via a flat surface.
- Bin areas are easy to locate and sited behind the toilet block.
- Fire points are situated around the site and are clearly marked.
- Assistance dogs are welcome on the Park and there is a small dog exercise area (down a slope).
- Mobile telephone reception is good around the Park. Internet access is available on site through the Park's wifi using your own device.
- There is a regular bus service 50 yards from the entrance to the park. This service runs from Abersoch and Pwllheli and connects with the mainline train station at Pwllheli.
- Our local supermarket is only 200 yards away and a delivery of provisions can be arranged for a small charge.
- Although we will make every effort to accommodate any visitors with particular disabilities or special needs, we suggest that you contact us before your arrival in order to ensure your stay with us is comfortable and enjoyable.
- Large print information about the park can be provided on request.
